42" Outdoor Gas Grill

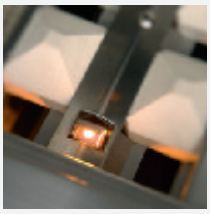
Like their indoor counterparts, Wolf outdoor grills are precision instruments constructed of heavy-duty stainless steel. This 42-inch grill has powerful burners every five inches for even heat distribution. An electric rotisserie with infrared burner produces succulent poultry and roasts. The 25,000 Btu sear zone emits exceptionally high heat to sear meats faster and deeper. The Wolf outdoor grill can be built in or used on a cart for portable convenience. Available in natural or LP gas.

Model OG42 shown with accessory doors.

FEATURES

- Can be built in or used in a portable application with accessory cart.
- Crafted of heavy-duty stainless steel.
- Each grill burner is individually contained for independent heat control.
- Infrared sear zone direct heat sears meats to seal in juices.
- Radiant heat from ceramic briquettes mixes with direct heat for more thorough grilling.
- Two-position rotisserie system with infrared burner.
- Hexagonal burner grates provide more heat contact for even grilling.
- Two halogen lights illuminate the grilling surface—LED lit control knobs allow for night grilling.
- Electric hot surface ignitors operate by pushing in control knobs.
- Double wall hood front for insulation.
- Hood assist system with concealed springs for easy opening and closing.
- Three-position warming rack stows away when not in use.

Hexagonal grates.



Hot surface igniters.

BURNER RATING	Btu
Grill Burners	25,000
Sear Zone	25,000
Rotisserie Burner	16,000
